

# SAINT ANNE'S LEARNING ORGANISER –HISTORY- YEAR 3- STONE AGE-IRON AGE

KEY QUESTION: How did Britain develop from the Stone Age to the Iron Age?

## What should I already know?

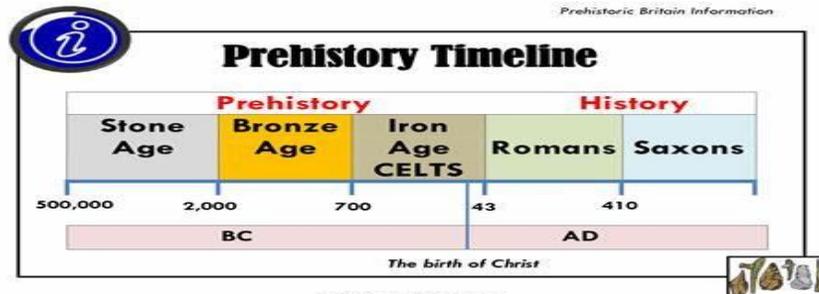

The Stone Age was when early humans used tools from stone. This is also known as pre-history.

At the end of the Ice Age, the sea levels rose and so Britain turned into an island.

Most of what we know about the Stone Age we have learned by the tools they left behind.

## Which questions will I be able to answer by the end of the topic?

What does BC mean? When did the Stone Age/ Iron Age/ Bronze Age begin and end? How did people survive in pre-historic Britain? What was life like in the Stone Age/Iron Age/Bronze Age? How did we find out about who people lived during Pre-History? Why are there so many mysteries surrounding Stonehenge? How was bronze discovered/produced and why was this so important? Why did people from the Bronze Age bury items beside them? (compare and contrast to Ancient Egyptians)

## Key Vocabulary:

Archaeologist

Artefact

Beaker(s)

Bronze

Flint

Forage

Hillfort

Hunter

Iron

Migration

Midden

## Key Vocabulary:

Neolithic

Pre-history

Preserve

Remains

Resources

Settler

Settlement

Stonehenge

Trade

## What will I use to investigate this topic?

Replica Artefacts from this period, Cave paintings,

Dictionaries, Fiction books (The Stone Age Boy/The First Drawing), Non- Fiction books from the class library,
