

Year 6 Class Charter

In Year 6 we have the right to be loving, respectful, kind and patient with and to each other.

This means that we need to get on with each other and be good friends to each other, even when this is difficult. We need to remember that we were all created equal and deserve respect as children of God. We need to be loving in our words and actions.

Remember - If you have nothing nice to say, say nothing!

We need to be patient with each other, treat everyone as we would like to be treated and include everyone.

We have the right to share our knowledge, talents and ideas together. We should be able to share our opinions with others and have a voice in class.

This means that we can all learn together and share our knowledge. We can speak out and share our views without fear of being interrupted or disrespected. We need to remember that we are one family in Year 6 and need to get along.

We have the right to be ourselves, stand-out and be confident. We also have the right to make mistakes and learn from them, trying to do our best in all that we do.

This means that we need to be strong and resilient – we need to be the 'have-a-go' class. We need to avoid saying that we cannot do something and have a go first. We need to remember that when we make mistakes, we are learning how to do it next time. We also need to be determined to try again and be patient with ourselves. We need to have confidence in ourselves and our classmates and feel that we are supported and supporting.

We have the right to have fun in our lessons and to be happy and joyful throughout the year.

This means that we need to be active in our lessons, work hard and allow Miss Keedwell to teach us. We need to make sure that we always complete our work as well as have fun! Miss Keedwell needs to ensure that she makes our learning interesting and allows us to select the ways in which we want to learn sometimes.

We have the right to expect good behaviour from everyone in our class so that we can learn and never give up.

This means that we need to get on with each other and avoid silly arguments and distractions. We need to be responsible for our own behaviour and actions and not worry so much about what other people are doing. We need to be determined to learn no matter what!

We have the right to keep our faith strong throughout our Confirmation year.

This means that we need to pray and try to go to mass. We need to play an active role in mass and in the prayer life of the class. We need to think about God when we make important decisions. We need to support each other in the same way that God supports us. We need to follow in Jesus' footsteps and do what he asks us to do.

This is our promise for Year 6 and we will try to uphold the values in this charter.
